---

PROFESSIONAL SUMMARY

B.Tech CSE (AI & ML) student with hands-on experience in Python applications, automation, and responsive web development. Built and published a Python voice assistant and developed automation projects while strengthening software development, AI/ML, and problem-solving fundamentals. Seeking Software Development, Python, Backend, or Full Stack internship opportunities.

EDUCATION

B.Tech – Computer Science & Engineering (AI & ML) | Sunderdeep Global University, Ghaziabad | 2024–2028 (Expected)

TECHNICAL SKILLS

Programming: Python, JavaScript (Fundamentals), HTML, CSS | **Libraries:** SpeechRecognition, pyttsx3, Requests, Pandas

Tools: Git, GitHub, VS Code, Google Colab, Jupyter Notebook | **Concepts:** OOP, Data Structures, DBMS, Computer Networks, ML/NLP Fundamentals

Development: Python Automation, API Fundamentals, Responsive Web Development

PROJECTS

JARVIS – Python Voice Assistant | Python, SpeechRecognition, pyttsx3, Requests

- Developed a desktop voice assistant for voice-controlled interaction; implemented speech recognition and text-to-speech.
- Added application launching, web search, and date/time utilities; organized functionality into modular Python components.
- Published the project on GitHub.

OnlineStream – Media Interface | TypeScript, React, Tailwind CSS, Vercel

- Engineered a responsive streaming media web application with real-time playback state management.
- Deployed to Vercel edge infrastructure with zero layout shifts and mobile-first responsive architecture.

Personal Portfolio Website | React, Vite, Tailwind CSS, JavaScript, Framer Motion

- Developed and deployed a responsive portfolio showcasing projects, skills, certifications, GitHub, and professional profiles.
- Implemented interactive sections, responsive layouts, project navigation, and contact functionality.

CERTIFICATIONS

Prompt Engineering Masterclass – Great Learning (2026) | AI & Cybersecurity Awareness – TCS iON (2026) | SDE Unlocked – Brain Mentors (2026) | Full Stack Development Workshop – GUVI (2026) | Data Analytics Workshop – Ducat (2025) | AI Tools Workshop – Be10x (2025)

ACHIEVEMENTS & ACTIVITIES

• Published JARVIS on GitHub. • Participated in the AI For All Guinness World Record initiative. • Active member of the university Computer Club. • Participated in AI/ML workshops.

LANGUAGES & CAREER INTERESTS

Languages: Hindi (Native), English (Professional Working Proficiency) | **Interests:** Software Development, Python, Backend, Full Stack, AI/ML
